NEW MEXICO GOES TO THE REPUBLICANS

LAST DOUBTFUL STATE IS HEARD FROM

TENNESSEE DESERTS COX THUS BREAK-
ING UP TRADITIONAL DEMO-
CRATIC STRONGHOLD.

COX CARRIED ONLY TEN STATES

NEW YORK, November 4—Virtually complete returns from the whole country today showed Senator Harding would have probably at least 404 votes in the electoral college and Cox 127.

Oklahoma has gone into the Republican column.

According to the latest figures Harding has carried the following states: Arizona 3, California 13, Colorado 6, Connecticut 7, Delaware 3, Idaho 4, Illinois 26, Indiana 15, Iowa 13, Kansas 10, Maine 6, Maryland 8, Missouri 18, Montana 4, Nevada 3, Massachusetts 18, Michigan 15, Minnesota 12, Nebraska 8, New Hampshire 4, New Jersey 14, New York 45, North Dakota 5, Ohio 24, Oklahoma 10, Oregon 5, Pennsylvania 38, Rhode Island 5, South Dakota 5, Tennessee 12, Utah 4, Vermont 4, Washington 7, West Virginia 8, Wisconsin 13, Wyoming 3 and New Mexico 3, a total of 404.

Cox has carried Alabama 12, Arkansas 9, Florida 6, Kentucky 13, Georgia 14, Louisiana 10, Mississippi 10, North Carolina 12, South Carolina 9, Texas 20 and Virginia 12, a total of 127.

OKLAHOMA CITY, November 4—Oklahoma has joined the Republican land slide and for the first time has disrupted the solid south. Returns early today from 1,974 out of the 2,685 precincts showed Senator Harding leading Governor Cox by 8,513 votes. Completion of the vote was expected to give Harding a plurality of more than 10,000. J. W. Harrell, Republican, has a lead of more than 17,000 votes over Scott Ferris, Democrat, for the United States Senate.

PHELAN OF CALIFORNIA BEHIND 30,000

SAN FRANCISCO, November 4—Samuel Shortidge, Republican has defeated United States Senator James Phelan for the Senate by a plurality of 30,000 according to latest returns today. Senator Harding has carried California by a plurality of 300,000.

CHAMERLAIN (D) MAY LOSE YET

PORTLAND, Oregon, November 4—Senator George Chamberlain, Democratic, appears to have been beaten today for the Senate by Robert Stanchfield, Republican. Harding has apparently carried the state by 50,000 votes.

MILLER (R) SURE OF NEW YORK GOVERNORSHIP

ALBANY, N. Y., November 4—Nathan Miller has been elected Governor of New York by a majority of from 65,000 to 75,000 it was estimated today. Up to 8 o'clock today with 150 districts, considered Republican, missing Miller lead Governor Smith for re-election on the Democratic ticket by 62,036.

TWO WOMEN JUDGES ELECTED IN OHIO

CLEVELAND, November 4—Two women have been elected to the bench in this section. Miss Florence E. Allen was elected Common Pleas Judge by 10,000 over her nearest opponent. Mrs. Abby Nye Norton, of Terry, Ohio, was elected Probate Judge of Duke county by 2,000.

ROSWELL, N. M., November 4—With scattering returns in from more than half of New Mexico's 29 counties indications are that Harding will carry the state by 1500 votes. Republican state officials will also be elected by the same majority it is indicated.

President Wilson Should Resign Says Bryan

San Francisco Convention Traded Ten
Commandments For Beer
With Kick.

DENOUNCES PARTY LEADERS

CHICAGO, November 4—William J. Bryan today suggested that as a result of the election, President Wilson resign immediately, allowing Vice President Marshall to assume the office. Marshall should then appoint Senator Harding to be Secretary of State and then resign when Congress meets in December. According to the laws Harding would then assume the presidency and he could carry out his program immediately.

"It would be proper for the President to resign at once and let Harding assume the office as he would have the co-operation of a Republican Congress. It would also enable Vice President Marshall to enjoy for a short time the honor to which he is entitled. Marshall should appoint Harding Secretary of State and then offer his resignation when Congress meets in December. According to the laws Harding would then become President and with Congress to support him he could carry out his plans."

Bryan declared he knew nothing of a proposed conference of Democrats to plan a new Democratic program.

"There is no doubt, however, that there will be a conference when the Democrats get a chance to get together," he said. "The Democratic Party is and has always been a Progressive party," he said. "The San Francisco convention did not represent the rank and file of the party. It was controlled by men who sought to trade the constitution and ten commandments for beer with a kick in it, by Wall street and by idolaters and office holders."

NEW YORK, Nov. 3—Twelve o'clock prices on the stock exchange: 96½, Baldwin Locomotive 114½, Central Leather 40¼, Crucible Steel 120¼, General Electric 139½, General Motors 167½, Midvale Steel 38 1-4, Sancelar 32½, United States Steel 87 3-8, United States Steel, preferred 106 3-8, Westinghouse Electric 46½.

Winter Fruits That Feed.
Dried figs contain more than three times the nutriment of fresh eggs. Figs are justly entitled to a place among the food fruits. In the dry state or stewed they are an excellent food for children in cold weather. About five ounces of figs and a pint of milk make a sustaining meal for an adult. Weight for weight, dates are more nourishing than bread. In desert tracts this fruit is often almost the only source of nourishment for men and women, camels, horses and other animals.

THREE CHILDREN LOST LIVES

Philipsburg Nov. 4.—The children were burned to death in the fire that gutted the tenant house on the corner of Laurel and Sixth street, about 11 o'clock Tuesday night. The victims were:

Anna May Maffitt,
Marjorie Madia Johnston,
Erna Thomas.

Four families occupied the building which was owned by Isaac Finberg, and purchased by him some time ago from the J. C. Wynn estate. Summerfield Test wife and four children lived in the apartments on the corner. Mrs. Sarah Maffitt and her little granddaughter, Anna May Maffitt, one of the victims, occupied the adjoining apartment. The store of Harry Cohen came next, Mr. Cohen and his wife and child occupying the rear and second story of the apartment. Mr. and Mrs. J. B. Rainey and their son were in the fourth and last section of the building.

All the members of the Test, Cohen and Rainey families escaped from the burning building without injury. In the Maffitt home were the three children who lost their lives. Possibly all were asleep at the time and were overcome by the smoke and flames as they slept. That will probably never be known. The origin of the fire is a mystery. It is not believed it started from the stove. It may have been the oil lamp exploded. Mrs. Maffitt had gone to a meeting of the Picochontas lodge during the evening and was still down street when the fire alarm was sounded about 11:15. Anna May Maffitt who was 10 years old on Feb. 12th last, made her home with the grandmother. Marjorie Madia Johnston, was aged 7 years, 7 months and 23 days. She was the daughter of

GERMANY HOLDS SIMILAR VIEW

PARIS, November 4—Senator Harding's election caused general satisfaction in France. This satisfaction was based paradoxically on the belief here that Senator Harding will lead the United States back into international channels more quickly than Governor Cox could have done. This belief was based on the assurance of co-operation by a Republican Congress. Individuals in the foreign office here did not attempt to conceal their satisfaction over the prospect of harmony between the cabinet and the White House in Washington.

BERLIN, November 3, Delayed—The German press over the American election and hails it as a defeat for Wilson. The newspaper advises the people not to cherish excessive hopes that the relations between Germany and the United States will be straightened out immediately, however. One paper predicts peace soon for the benefit of American business. "Every German with political judgment greets the finish of Wilson rule," it said. "We have no illusions as to Harding. We only hope for peace soon. Then our good old relationship will return automatically."

CLEARFIELD CITIZENS SHOULD TURN OUT TO ANNUAL RED CROSS MEETING

The annual meeting of the Clearfield Chapter of the American Red Cross, which will be held in the High School Auditorium tomorrow afternoon at 4 o'clock will be of unusual interest to every member of the Society.

There are a number of things that will be brought up at the meeting among them being the election of a board of directors for the coming year, the reports of the nursing committee and various other more than interesting topics.

It should be remembered that every person who took out a membership card during the past year has a vote and the attendance should be top notch.

This great humanitarian movement is deserving of more than passing interest as it vitally affects every man, woman and child in this city and it is hoped that there will be a good turnout.

"A BUM SHEET"

Yes, we'll agree with you. The Progress is a bum sheet these days. About two weeks ago our linotype machines went bad and we have been unable to get them running right since. This condition will prevail for at least thirty days. In the meantime we cannot handle more than fifty per cent of the news or commercial business. Please be patient and we will make up for it later on.

Yesterday we placed an order for a new linotype. It will be of the latest design and capable of doing the almost impossible. Delivery is promised in thirty days. Then we are going to give Clearfield what has been in our mind for four years—a real newspaper.

Republicans Victorious in Pennsylvania By 750,000; New York Estimated At One Million

Senator Warren Gamaliel Harding of Ohio has been elected to the presidency of the United States, carrying with him to victory his running mate, Governor Calvin Coolidge of Massachusetts, and practically the entire Republican senatorial ticket.

Bearing the standard of the Republican party, Senator Harding defeated his opponent, Governor James M. Cox of Ohio, in a battle of ballots which saw women voting for the first time on a par with men, and which drew forth the greatest number of votes ever recorded in America.

President-elect Harding carried practically every state in the Union and apparently broke into the Democratic "solid South." He apparently lost Nevada, Kentucky, New Mexico, Arizona and Utah.

It appeared on the face of late returns that Mr. Harding would have at least 331 votes in the electoral college, leaving Mr. Cox with 150. Mr. Harding needed only 266 electoral votes to win and has 115 more than necessary.

Mr. Harding achieved the seemingly impossible in the South, late returns indicated, by carrying Tennessee. He also carried Maryland.

In the Republican tide that swept the nation, the G. O. P. senatorial nominees who were termed "bitterenders" and opponents of the league of nations, as well as those who fought the woman's suffrage amendment, were elected to office almost without exception. Senator Moses of New Hampshire, Senator Brandegee of Connecticut, Senator Watson of Indiana and Senator Lenroot of Wisconsin, all were returned to the Senate. They were chief among those who consistently opposed President Wilson's foreign policies.

Carrying New York state by probably 1,125,000 majority over Cox, and carrying Ohio, the home state of both candidates, by a huge plurality, President-elect Harding goes into office with a substantial working majority in both houses of Congress, assuring of a Republican rule for her four years.

AL VICTORY, SAYS MR. HARDING

Mr. Harding, convinced by early returns of his election to the presidency, Warren G. Harding issued a statement, saying that instead of being exultant over the result he was "more given to prayer to God to make me capable of playing my part."

Receiving the election returns at his home here, Mr. Harding declined during the early evening to make any comment, and issued his statement only after the figures had piled up majorities for him, which his advisers declared made his election certain.

At the same time it became known that the Senator and Mrs. Harding had made plans for a vacation trip, to be carried out regardless of the result of the election, taking them for a rest next week in Texas and after that for an ocean voyage to the Panama Canal Zone. They will return to Marion during early December.

The Senator's statement follows:

"Assuming that the early returns

are wholly dependable, I do not hesitate to say that I am pleased, of course, I am happy to utter my gratitude. But I am not exultant. It is not a personal victory. It is a renewed expression of confidence in Americanism and a national call to the Republican party.

"It is all so serious, the obligations are so solemn that instead of exulting I am more given to prayer to God to make me capable of playing my part. And that all these calls to responsibility may meet the aspirations and expectations of America and the world. I am sure the people who have

voted the Republican ticket will understand my feeling that I should make no unstudied statement or policies at this time, beyond the expression made throughout the campaign."

RECORD MARGIN MARKS REPUBLICAN VICTORY

New York.—By majorities unprecedented in American politics Warren G. Harding was elected president and Calvin Coolidge, vice president. The addition of women to the electorate accounted for some of this increase in Harding's margin over James M. Cox, but for by no means all of it.

The highest state plurality ever previously recorded, Roosevelt's margin of 500,000 over Parker in Pennsylvania in 1904, was surpassed at least three times. New York State went for Harding by 1,000,000; Pennsylvania gave him a plurality almost as large; Illinois gave him 800,000; Ohio, the home state of both candidates, went for Harding by 400,000.

All over the country the Harding plurality broke records. Maine, which surprised all prophets by going 70,000 Republican at the gubernatorial election in September, passed that mark by several thousand. California, which Wilson carried by so narrow a margin, went for Harding.

Gov. and Mrs. Coolidge Vote Early.

Northampton, Mass. — Governor Coolidge Republican vice presidential candidate, voted with Mrs. Coolidge here shortly after 9 a. m. and then left by automobile for Boston to receive the election returns.

The Governor's day opened with an informal flag-raising at his home conducted by his two small sons. The boys hoisted the colors on a small pole set in the lawn in front of the house while the Governor and Mrs. Coolidge and a gathering of neighbors and children cheered.

First Woman Judge of Election.

Martins Ferry, — Mrs. Harry Chessell of this place is the first woman presiding judge of election in Ohio, so far as is known here. She served as head of the force in charge of the voting in Precinct C of the First ward. Mrs. Chessell was recommended for the position of clerk. When the regular presiding judge shied at the job of handling all the extra votes occasioned by woman suffrage because of weak eyes, she was asked to direct the voting and the count. She accepted. She is a Republican.

Strange If True.

The olive oil product of Spain varies greatly from year to year and there is a notion among the growers that the yield is always greater in the even numbered years.

But the Crop is Better.

He who sows his wild oats will soon reap, for her fruits mature quickly. He who sows wisdom grain may be a long time getting to the harvest. Her fruits do not mature so rapidly.

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents. Larger packages. Aspirin is the trade mark of Bayer Manufacturing Co., Ltd., of Germany.

Democrats Win in Alabama.
Birmingham, Ala.—Victory for national and state Democratic nominees, including Representative L. B. Rainey of the doubtful Seventh district, was indicated by unofficial returns from a majority of the 67 counties of Alabama. Returns indicated that considerably more than half the women registered had voted.

Republicans Sweep Colorado.
Denver, Colo.—Rush C. Holland, state chairman of the Republican party, in a statement, declared that Harding had carried Colorado by 40,000; that Samuel D. Nicholson, Republican candidate for the United States Senate and the entire state ticket had carried by 30,000.

Missouri for Harding.
St. Louis, Mo.—Missouri, normally Democratic by 20,000 has gone for Harding by 50,000. As in other states, the national and state tickets in with him. Senator Spencer is elected over Breckenridge Long, the league Democrat and friend of Wilson, and the Republican nominee for governor, Hyde, will take office.

Cox Wins Kentucky.
Louisville, Ky.—Governor Cox increased his lead of over 25,000 votes in Kentucky to nearly 35,000 when returns from 2588 precincts out of 3,228 in the state had been compiled. The vote stood Harding 363,122, Cox 397,938.

CREAM FOR CATARRH OPENS UP NOSTRILS

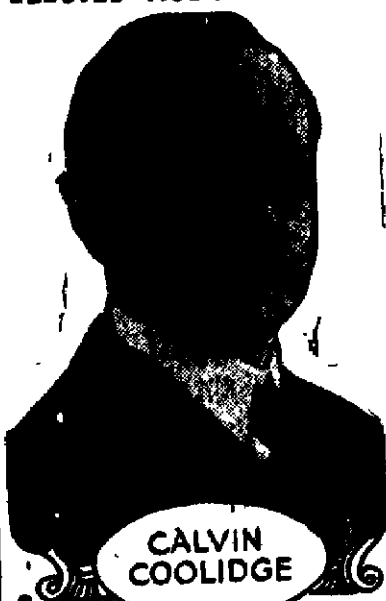

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your congested nostrils will open, the air passages of your head will clear and you can breathe freely. No more yawning, snuffing, blowing, headache, dryness. No struggling for breath at night. Your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—relief comes so quickly.

ELECTED VICE PRESIDENT

PENNSYLVANIA GIVES HARDING BIG LEAD

Philadelphia, Pa.—The greatest majority ever turned in by Pennsylvania for any candidates in any election was given for Harding and Coolidge. It may rest between 700,000 and 800,000 when the returns are complete. At Republican state headquarters the claim was 750,000. With the women using the ballot for the first time, it is believed a total of close to 2,000,000. Early returns from scattering districts throughout Pennsylvania showed that Senator Boies, Penrose was far ahead of John A. Farrell, his Democratic opponent for re-election to the United States Senate.

Wilson's Home District for Harding Princeton, N. J.—President Wilson's home district in Princeton went for Harding and Coolidge by about five to one, according to election officials. The count has not yet been completed.

Republicans Carry Wyoming.
Cheyenne, Wyo.—Republican State Chairman T. B. Kennedy in a statement said Wyoming was carried for Harding by a majority of at least 3,000 out of a total of approximately 60,000.

DEBS RECEIVES RETURNS.

Atlanta, Ga.—Eugene V. Debs, Socialist candidate for the presidency, received the election returns in the Federal Penitentiary here where he is serving a sentence for violation of the espionage law.

Danville, Ill.—Representative Joseph G. (Uncle Joe) Cannon has been returned to congress from the Eighteenth Illinois district, according to returns. It will be his twenty-third term in Congress.

FIRST CITY TO REPORT FULLY IS FOR HARDING

New York—The first city in the United States to turn in a complete report was Bridgeport, Conn. It gave Harding a plurality of 10,375. The vote was: Harding, 21,465; Cox, 11,087. This fitted in with the general two to one Harding sweep in the East. In 1916 Hughes carried the city by 1,194.

Woman Socialist Sent to Legislature.
New York—The Fifth Bronx Assembly district elected the first woman a Socialist to the New York State Legislature. She is Marion H. Lang who defeated William Lyman, the Fusion candidate. Louis Waldman and August Claessens (Socialist), who were twice expelled from the New York Legislature, were re-elected. Waldman from the Eighth Manhattan Assembly district, and Claessens from the Seventeenth. Samuel A. DeWitt and Samuel Orr, who also were expelled by the Legislature last winter and then re-elected in a special election and who subsequently resigned, were again elected from the Third and Fourth Bronx Assembly districts, respectively.

New Hampshire Republican.
Manchester, N. H.—Returns from more than one-third of the state showed Harding leading Cox two to one, and Senator Moses 10,000 ahead of Raymond B. Stevens (D.). Congressmen Burroughs and Wason (R.), had safe leads for reelection, and Arthur P. Brown (R.), for governor, had a wide margin.

BOSTON WOMAN, 102, CASTS HARDING VOTE

Boston.—Miss Annie Stone, aged 102, believed to be the oldest woman voter in the country, cast her ballot for Harding and Coolidge. She is a resident of the Mt. Pleasant Home, Elm Hill avenue, Roxbury. Miss Stone wore a holiday dress for the occasion of her first vote. She wore also a new bonnet, which she made for herself unaided.

Franklin D. Roosevelt Votes.
Poughkeepsie, N. Y.—Franklin D. Roosevelt, Democratic candidate for the Vice Presidency, cast his vote at 10:45 a. m. in the Third district of the town of Hyde Park, in the Town Hall. His ballot was number 207.

Mrs. Franklin D. Roosevelt and Mrs. James Roosevelt, the candidate's mother, accompanied him to the polls and cast their ballots following him. J. Roosevelt Roosevelt, brother of Franklin, and his wife, were the next voters.

WOMAN, 75, CELEBRATES FIRST VOTE BY SMOKING CIGAR

Lewiston, Me.—A woman aged about 75, walked into a local drug store. She said to the clerk: "Give me a good cigar."
Next she asked for a light. To a query from the amazed drug clerk, the woman said:
"Twenty years ago I vowed if I had the chance to vote I would smoke a cigar. Now I am going to do it if it kills me."
She walked out of the store puffing away.

COX'S PAPER SAYS IT IS LANDSLIDE

Governor Himself Refuses To Make Any Comment on the Results

TAKES "PASSIVE" INTEREST

Receives Information on Going to His Office in the Evening—Large Crowd Waiting in Streets Greet Him With Cheers.

Dayton.—Governor Cox's newspaper, the Dayton News, issued an extra edition conceding the election of Senator Harding.

The Governor himself said he would make no statement. His newspaper, however, carried the election returns under the caption:
"Republican landslide—Harding wins."

Announcement that the extra would be issued, was made at the Governor's newspaper office at 10:15 o'clock, and soon afterward word came from New York that Chairman White also had conceded Senator Harding's election. At that time the Governor was in his private office at his newspaper plant.

Reporters, who called, found the Governor smiling, and smoking a cigar. He showed no emotion, an attitude he had maintained throughout the evening, following a day spent quietly at his home near here. Friends who visited him during the evening said the candidate realized his defeat long before the appearance of his newspaper extra.

Cox also seemed unaffected, as did the Governor's daughter, Mrs. D. H. Mahoney.

Apparently, the most consoling news of the evening for the candidate, was unofficial returns, showing in 33 of the precincts in Montgomery county, including Dayton, that Governor Cox led his opponent.

The county Democratic headquarters, however, reported that Harding carried Camaroto, the Governor's own precinct, by 12 votes.

Other than casting his vote early in the day, Governor Cox apparently took only a "passive" interest in the election, but he went to his newspaper office to watch the returns.

The Governor was smiling when he reached the office accompanied by Mrs. Cox, but made no comment on the election. At that time the newsboys were in the street with the first extra carrying news unfavorable to the candidate. Outside his office a big crowd gathered to await the record of the vote, and it greeted the Governor with a cheer.

During the day, most of which was spent at his home near here, the Governor seemingly paid no attention to the early scattering returns. His first information came when he reached his office and then he offered no comment.

RAIN HALTS NEW YORK ELECTION CELEBRATION
New York—With footling horns and the cackle of rattlers, New York City poured out into the streets for its time-honored election night celebration—for New York always celebrates, whoever the winner and who ever the loser.
But hardly had the streets been filled than they were emptied again—or almost emptied—for the skies opened and rain descended by far more than the proverbial bucketful. Crowds in front of bulletin boards broke and ran, swept along by a furious wind, that whipped the rain-

drops under umbrellas with merciless force.

Governor Cox Early Voter.
Dayton, O.—Governor Cox was an early voter, but on arriving at the polls found more than 200 of his neighbors had cast their ballot ahead of him.

Accompanied by Mrs. Cox, the Governor reached the polling place a combination barber shop, confectionery, tobacco store and print shop, at 10 o'clock, but the line delayed the deposit of their ballots until 10:17 a. m. The polls were in Carmonte, a suburb of Dayton, and about a mile from the Cox home. The vote cast by Mrs. Cox was not her first, she having lived in Illinois and voted at a state election a few years ago.

PRESIDENT-ELECT GIVEN GOLD RULE BY HIS EMPLOYEES

Marion.—While the Senator was at dinner late in the evening a committee of the employees of the Marion Star, his newspaper, called to present him with a printers' gold make-up rule and he came out on the front porch and with his voice choking with emotion, thanked them for their devotion.

"I don't know of any call," he said, haltingly, as tears rolled down his cheeks "that has aroused my emotions more than this. I have worked with you and I have tried to be honest with you; and God knows if I am called to responsibility I am going to be honest with everybody in the world. I don't know if I can meet these responsibilities fully, but I know that I can meet them with the same honesty that I have treated you."

"I am just a plain fellow, but I can be on the square and that's all there is to it."

SYSTEMS OF FARM ACCOUNTS

Ready-Made Schemes Seldom Bring Out Essential Facts That Farmer Ought to Know.

Farmers, as a rule, are highly individualistic in their methods, and farm business conditions vary widely. Accordingly, ready-made systems of farm accounts seldom bring out all the facts that the farmer ought to know. Systems must be developed to fit each man's requirements, and efforts to slush one's needs according to a prepared system not based primarily on these needs will almost inevitably result in failure.

AVOID BLACKLEG INFECTION

Bodies of Animals Dying of That Disease Should Be Burned or Buried Quite Deeply.

Carcasses of animals dying of blackleg should either be burned or buried deeply. The bodies of such animals constitute the main source of blackleg infection, and it is a dangerous practice to allow a carcass to decay where it falls or merely haul it to some out of the way place. Likewise, skinning or opening a carcass increases the danger of infection.

The pork producer without alfalfa is handicapped from the start. Hogs are not designed by nature to consume large quantities of bulky feeds as are cattle and sheep, but there seems to be an exception in the case of alfalfa.

MEDALS FOR WORLD WAR MEN

Tokens Will Be Distributed by Legion to Ex-Service Men of Country on Armistice Day.

Presentation of the Victory medals, to which 4,800,000 soldiers, sailors and marines are entitled for service in the World war, will be carried out in thousands of communities through the agency of the American Legion on Armistice day. Acceptance of the Legion's offer to aid the war department in the distribution of the medals has been received by Franklin D'Olier, the national commander, and plans are already under way in many localities for the staging of elaborate ceremonies in connection with the formal presentation.

An appeal for all of the 9,500 posts of the Legion to co-operate in the medal distribution enterprise in order that the celebration of Armistice day "may be memorable for years to come" was sent to the heads of all departments by Mr. D'Olier.

"It is with wholesome pride in the triumph of our arms in the most crucial test of strength in history," he wrote, "that the Legion appeals to all Americans to make Armistice day 1920, memorable for years to come. We desire that it shall be above all else, a tribute to our country and our flag and the flags of our allies. In other sense it should be a solemn, affectionate dedication of our lives to the principles for which more than 100,000 of our countrymen and millions of our comrades-in-arms made the greatest sacrifice."

Not only will the presentation of the medals be marked by impressive ceremonies in every city and town in the country but celebrations will be

Victory Medal With Five Battle Clasps as Worn by the Men of the Second Division.

held in nineteen insular possessions of the United States and in a number of foreign countries where there are established posts of the Legion.

Had it not been for the initiative of the American Legion there would be no ceremony attached to the distribution of the medals. Mr. D'Olier points out, "I believe the American Legion can take a justifiable pride in the fact that but for it there would have been no formal observance at all of the presentation of the Victory medal," he said. "Under the original plan of distribution applicants were to apply individually, either through a recruiting station or military or navy post or direct to the adjutant general of the army or the secretary of the navy. Medals were to be sent by mail to the home address of the recipient. The award of a token so significant as the Victory medals marks an epoch in our history and should, and will be, invested with appropriate ceremony."

Post commanders are now drawing from the government the official application forms with which to supply the ex-service men in their communities. The posts of New York city are providing typewriters and the free services of notaries to all applicants, inasmuch as it is necessary that all forms be typewritten and certified.

Any veteran may apply to any one of the 9,500 posts in the Legion to make application for his medal. This offer applies to non-members as well as members of the Legion. Special consideration will be given gold star mothers and other next-of-kin who are entitled to the medals of men who died in the service. Unless the applicant otherwise specifies, medals applied for through Legion channels will be returned in charge of the commander of the post through which the application was made, until Armistice day when the formal presentation will be made.

Men who already have applied for their medals through other channels may turn them in to any Legion post for presentation on November 11.

BIG UCER All HEALED

"Here is another letter that makes me happy," says Peterson, of Buffalo. "One that I would rather have than a thousand dollars."

"Money isn't everything in this world. There is many a big-hearted, rich man who would give all he has on earth to be able to produce a remedy with such mighty healing power as Peterson's Ointment, to sell at all druggists for 60 cents a large box."

Dear Sirs:

"I was an untold sufferer from old running sores, and ulcers. I had tried

most everything without any relief from pain. A friend told me of your wonderful ointment and the first box too away the pain that had not left me before in years and after using just nine dollars' worth of the salve I am cured. The ulcer was 9 inches by 6 1-2 inches, is all healed and I can walk. Never, never will be I without Peterson's again.

"You may use this to recommend your ointment, if you wish. I cannot say enough to praise it." Yours truly, Mrs. Albert Southcott, Medina, N. Y. Mail orders filed by Peterson Ointment Co., Inc., Buffalo, N. Y.

Benefits Must Be Paid.
It is a law of the gods which is never broken, to sell somewhat dearly the great benefits which they confer on us.—Cornelius.

Half Asleep.
Compared with what we ought to be, we are only half awake.—William Shakespeare.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured by figures, what a terrible array they would present! Through girlhood, wifehood, and motherhood women toil on, often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.

Perfume From Orange Buds.

The fruit buds of the bitter orange also give an essential oil known as essence de petit grain; and from the white flowers is extracted a delightful perfume called essence de Neroli. That is prepared chiefly at Nice, Cannes and Grasse, in the south of France. All the flowers of a fine tree will yield only a single ounce of Neroli oil. The peel also yields an aromatic principle that the ancient Arab physicians esteemed highly as a tonic; it is still considered a useful stomachic.

Cloves Once Used as Money.

In the Molucca Islands cloves were once used as money and at a much later date bitter almonds were so used in some parts of India.

REFRESHING FROZEN DISHES.

One may have such a variety of frozen dishes with the foundation prepared like the usual vanilla ice cream. Various sauces, fruits, nuts, all add to the attractiveness and lend variety.

Banana Sherbet.—Put three cupfuls of water and one and one-half cupfuls of sugar in a saucepan; boil five minutes. Add the juice of one lemon and two oranges, with a little of the grated rind of each and one cupful of banana pulp. Strain off the stringy portion of the bananas before putting through a sieve. Beat the sirup and fruit mixture till cold, then stir in three cupfuls of whipped cream, measured after whipping, or the whites of three eggs beaten stiff. Freeze until soft like mush. Serve in frappe glasses.

Banana Jelly.—Take one pint of banana pulp, the juice of one lemon, one-fourth cupful of orange juice or any good fruit juice, one-half cup of sugar, one-third of a package of gelatin, one-third of a cupful of cold water. Soak the gelatin in cold water, put the bananas through a sieve, add the sugar, the juice and let stand until the gelatin is softened and dissolved over hot water. Mix all together thoroughly and turn into a mold. Let stand in a cold place to become firm. Serve with cream or a custard.

Banana Ice Cream.—Scald one quart of thin cream, dissolve in this one and one-half cupfuls of sugar; when cold add a pint of chilled cream and freeze. When the cream is partly frozen add one and one-half cupfuls of banana pulp put through a sieve, mixed with the juice of one and one-half lemons. Finish freezing and let stand a few hours to ripen.

Honey Taffy.—Boil (270 degrees Fahrenheit) one cupful of sugar, one cupful of water together until it makes a hard ball when dropped in cold water. Add vanilla or other flavoring, pour into a buttered dish and cool until it can be handled, then pull.

for putting the farm business on a basis

In next week's issue of

is the story of a Penn-

Two-fisted Profits

Maybe somewhere there's a farmer who needs both hands to post his profit ledger. But he's a rare bird, a very rare bird. And I'll wager this—when you locate him, you'll find he calls his farm his "business." He's right!

The COUNTRY GENTLEMAN

is the business-farmer's weekly. Every issue is full of tried and tested ideas for putting the farm business on a basis of greater efficiency. Systematic farm management will often spell the difference between profitable success and expensive failure.

In next week's issue of this great farm-service weekly are two articles that show how THE COUNTRY GENTLEMAN mirrors for you the successful methods of all types of business-farmers the country over. One is the story of a Pennsylvania farmer, handicapped by the loss of his right arm, who has been able, by a careful management of his business, to build up a small but well-paying orchard. Another tells of a \$200,000-acre enterprise in Montana that is bringing astonishing profits to its operators because it is run as scientifically and efficiently as a modern factory. You'll get many a tip on profitable management in the 52 authoritative issues that I can have sent to you for just one dollar.

McCARTY'S

CLEARFIELD TOT BURNED TO DEATH IN PHILIPSBURG

(Continued from page one.)

Mr. and Mrs. Elmer Johnston, of Cold Stream, and was also a granddaughter of Mrs. Maffitt. She came to town with her mother, and expressed a desire to spend the evening at her grandmother's and with her cousin, Anna May, while her mother was down street. She was left there. The third victim of the flames was Erma Thomas, aged 2 years last August. She is a daughter of Mr. and Mrs. George Thompson, of Clearfield and is a niece of Mrs. Maffitt. The latter was caring for her a couple of weeks while her mother is in the South, presumably Florida, on a visit.

Mrs. John Ukkerl, who lives on 5th street, between Pine and Laurel, gave the alarm. She saw heavy smoke issuing from the block of dwellings and it is said heard the screams. By the time the fire bells were ringing the building was doomed, and the children were probably suffocated by the smoke. There was some delay in getting the fire trucks to the scene, and as there was a high wind at the time, the fire looked very threatening for a while. The remains of the two elder children were found, when it was possible to enter the apartments, in one room, and the younger child in another.

The tenants lost most of their household furniture, the blaze burning so fiercely and the smoke being so dense that it was nearly impossible to enter any of the apartments after the fire had gotten a start. Some of the property of Mr. Rainey was saved. All the tenants, however, lost much.

The firemen had been told by the bystander that the children were all out of the burning building, but Mrs. Maffitt, who was hurried to the scene of the fire, insisted that her granddaughters and niece were in her apartment. A thorough search resulted in the finding of the bodies. Spectators who had been under the impression the children all were safely out of the building had likely thought the Test children and Cohen child were the only occupants.

The bodies of the children were charred beyond recognition, and were taken to the Weber undertaking establishment, and burial of all three will be made from the place tomorrow afternoon at 3 o'clock. Interment will be made in the local cemetery.

The tragic fate of the three children has shocked the entire community. Mrs. Maffitt was taken out to the Johnston home. She is almost heart broken. The fire has robbed her of two grandchildren and a niece. Her daughter, Mrs. Johnston, who about two years ago, lost a son when an automobile ran over him on Pine street, is now called upon to give up a daughter. Her grief is pitiful. The sincerest sympathy, though it avails little, is given to her and her husband and to her mother by the people of the community.

Both the Maffitt and Johnston girls were bright and interesting as also was the Thomas child. The Maffitt girl resented the local public school and Marjorie Johnston was a pupil in the North Philipsburg school.

Always Something New.

"Of making many books there is no end," complained the preacher, and did not perceive how highly he was praising letters as an occupation. There is no end, indeed, to making books or experiments, or to travel, or to gathering wealth. Problem gives rise to problem. We may study forever, and we are never as learned as we would. We have never made a stature worthy of our dreams. And when we have discovered a continent, or crossed a chain of mountains, it is only to find another ocean or another plain upon the farther side. . . . Even in a private park, or in the neighborhood of a single hamlet, the weather and the seasons keep so deftly changing that although we walk there for a lifetime there will be always something new to startle and delight us. —Robert Louis Stevenson.

RELATIVE HARDINESS

"It is a mistaken idea that scrubo are more hardy if only those are kept which are of good constitutional vigor." —United States Department of Agriculture.

Women and Compromise.
Women do not readily compromise what they think and what they want, they think and want with crystalline sharpness. In the home they seem to compromise, but that is not so; they give in. And when they have given in they return to the charge, give in again if they must, and try again, and eventually get what they want from a man who has grown sick of the subject. —W. L. George, in Harper's Magazine.

Wealth in Central Congo.
Copal is a resinous gum found in large quantities in the marshy forests of the Central Congo. It is gathered from living trees (principally of the copifera species) or is dug from the ground in a fossil state, often being found in sandy river bottoms. The natives it is said, show considerable ingenuity in finding copal, searching for it with trout-tipped sticks in localities where experience teaches them it is likely to occur.

Misunderstood.
Waiter — "Haven't you forgotten something, sir?" Customer—"Great Scott, yes! My wife told me to water the plants while she was away!"

The Big Boss.
"No really big boss ever objects to having some one do his work for him. The big boss can always find something bigger to do." —Forbes Magazine.

Doesn't Seem to Jibe.
"Hats were not worn by the ancients," says a headline. Recalling a number of hats we have seen, we are sure there must be some mistake about this headline.

Ants Help Diamond Searchers.
Ants have proven a useful aid to Cape Colony diamond prospectors. Mica is associated with the yellow ground containing diamonds, and following up the indications given by mica seen in ant-hills is reported to have led to at least one instance to the hidden treasure of gems.

Why He Stopped Singing.
George was improvising both words and music of the songs he was singing. His mother, being highly entertained by his efforts, kept urging him to sing more of his songs. At last he refused to sing another word. "Why won't you sing any more?" his mother asked. She was somewhat startled when he replied: "Can't, mother. Daddy and I joined the union."

Zeb in Hard Luck.
"Wealth don't bring happiness," said Uncle Eben. "Zeb Cotton saved up 'fo' dollars an' bought hisself a pair o' shoes. De shoes pinched his feet an' now he's too proud to go barefooted."

On the Wrong Scent.
Half the world is on the wrong scent in the pursuit of happiness. They think it consists in having and getting, and in being served by others. It consists in giving and in serving others. —Drummond.
